

BR666 Full color digital low light night vision

Feature: Camera, video, recording, playback, WIFI, HD output, shockproof

Mode: day, night, black and white, low light, infrared light mode;

Others: Electronic compass, tilt Angle, shockproof, low light

Specification:

Product model	BR666
amplification factor	8 X
Objective aperture	30mm
Lens focal length	F 35
Lens aperture	f1.2

Shot type	Fixed focus
Field Angle	8.9°
Display screen	3.2inch 854X480
water impervious	IPX5
Viewing distance (1/4 moon and IR)	2……500m
Viewing distance (Full moon)	2……1000m
Viewing distance (starlight, no infrared light)	2……800m
IR	IR-LED 940nm
Video pixel	4K
Photo quality	4608X2592 (12M)
WIFI	YES
Data transmission	TYPE-C
speed	0.001LUX
Maximum memory card capacity	Up to 256G (Standard 32GB)
power	Built-in 3000mah 18650# lithium battery
Duration of use	2.5 hours(IRLED ON);6 hours(IRLED NO)
Operating temperature range, ° C	-30……+ 70
External power supply	YES
Bracket interface	¼"
video output	HDMI 1.4
Product size(LxWxH),mm	1800X133X73
Product weight, g	850
Product matching	Color box, aluminum box, hand strap, desiccant, mirror cloth, manual, transparent PE bag, charging head, TYPE-C data cable
